## RELEVANT WORK EXPERIENCE

### UX Designer

#### Monaa - An app for Poly Cystic Ovarian Syndrome

09/2022 - Present

Vancouver, Canada

##### Achievements/Tasks

- Collaborating with a senior UX Designer to deliver a full featured app for women's health tracking
- Creating user flows based on proto persona
- Conducted a thorough competitor research and developed conceptual visual wireframing based on the research findings
- Developed low and high fidelity wireframes and reiterations of design based on client feedback

### UX Designer, Contractor

#### Free Period Canada Foundation

06/2022 - 09/2022

Vancouver, Canada

##### Achievements/Tasks

- Completed a full website design on Webflow based on concepts provided by the client
- Developed a responsive design to adapt the website for mobile viewing
- Optimized the website layout using html and CSS

### Architectural Assistant

#### K&J Consulting Engineers & Murphy Philipps Architects

01/2016 - 05/2019

London, United Kingdom

##### Achievements/Tasks

- Prepared the drawings and the planning of Leicester Meridian Leisure Park (Vue Cinema). The proposal work involved Unit – B for Prezzo, alterations to the front entrance, provision of additional doors and service penetrations within elevations and roof
- Prepared the drawings and the planning of Image House, Coombe Avenue, Croydon CRO. Design included a two storey building with four flats
- Developed 2D drawings using AutoCAD and the planning and organisation of each floor, sections and elevations
- Created a 3D model of the drawings using Revit and applying the structural elements to express the strategy used for the buildings

## EDUCATION
